Britain continues to obstruct the principles and obligations of the Northern Ireland Peace Agreement (Good Friday Agreement) and dismisses US and EU efforts to act as guarantors. For 25 years the British have delayed, undermined, or ultimately scrapped five implementing pacts. Truth, democracy, and the rule of law is fine elsewhere but not for Northern Ireland. Now, after Brexit, Britain cares even less about Irish citizens in NI, EU rules, or complaints about human rights abuses there. This was foreseen when the ABC was formed in 2016. With typical Brexiteer arrogance Parliament is set to abandon the rule of law by burying the lawless killings of 1,000 civilians in NI by MI-5, police and Army personnel using loyalist gangs. No one in Ireland wants the bill. The proposal is a fundamental violation of Article II of the EU constitution and mocks the US-UK Atlantic Charter. We ask the Biden Administration, Members of Congress, and Americans to oppose this action and to warn that its passage will remove any prospect of a UK-US trade deal.
